

BMVI/SO1/2024/6

Police Training Program for border management

Date of Signing of Agreement: 29/01/2024

Project timeline: 01/10/2022 – 31/12/2025

Project budget: €263.808,50

Description of the project:

This project concerns the conduct of educational programs and informative visits with the aim of strengthening operational practices and controls at sea and the continuous training of members of the Cyprus Police. The topic concerns::

- Application of the acquis Schengen
- Law of the sea – Jurisdiction of the Republic of Cyprus
- Sea Border Mobility
- EUROSUR Application Training
- European Coast Guard Functions Forum

Finally, actions related to the supply of technological equipment and application software and Publicity and Communication actions are included.

The aim of the project is the continuous training of members of the Police in matters of maritime border control, proper implementation of the Schengen acquis, use of the maritime border surveillance and information exchange systems, which are installed in the National Coordination Center (EUROSUR Application Training) and effective operation coast guard while aiming to strengthen their capabilities during maritime operations and controls.

During the project Cyprus Port and Marine Police officers, Police Academy and European Police Cooperation department officers and officers dealing with Border Control issues will be trained and will go on study visits.

Also, a software program will be purchased for the training of end-users on-line of the Schengen Information System (SIS), as well as technological and office equipment for the needs of the DIE & DAS.

The aim of the project is to meet the need of the Cyprus Police to strengthen the training of its members in border management issues in order to more effectively and correctly perform their duties.

The project is implemented within the framework of the Financial Support Instrument for Border Management and Visa Policy (BMS) with the co-financing of the European Union and the Republic of Cyprus.
